```

A hand-drawn diagram illustrating a data science workflow, enclosed in a dashed rectangular border. The workflow consists of three main stages, each represented by a rounded rectangle:

- DATA PREP**: The first stage, featuring a gear icon with a circle inside, symbolizing processing or transformation.
- LAYER ASSEMBLY**: The second stage, which includes a list of components:
 - . geom +
 - . scale +
 - +
 - +
- CUSTOM THEME**: The final stage, accompanied by a sun-like icon with rays, representing the final visualization or styling.

A hand-drawn diagram within a rounded rectangular border. It features three geometric shapes stacked vertically: a triangle at the top, a square in the middle, and a pentagon at the bottom. Below these shapes are two horizontal lines, the top one being slightly longer than the bottom one.
